Dear Len:

We are proceeding to draw up a program as suggested in your letter of March 2.

We will draw the plan up along the lines of the current association program with hospital, surgical and medical under one program and a life plan similar to the Federal Employees Life Insurance Program under another.

We should have the proposal in the hands of the Jones Agency within the next five to six days.

We appreciate very much your taking the time to visit us here in our Home Office and feel that similar visits throughout the year will prove to be beneficial in the operation of the Government Employees Health Association Group Program. We hope that you will be able to repeat your trip in the near future.

Yours sincerely,

A. W. Randall  
Executive Vice President
